Insurance Program

Organization Type

Please select the option below that best describes your organization. Please see previous page for information on Bicycle Clubs vs. Advocacy Organizations for the purposes of this insurance program.

Bicycle Club

Advocacy Organization (AO)

Do you organize any rides or time trials where no participation fee applies (i.e. "club" rides)?

Yes ▾

Note: If you indicate your AO does not organize any rides or time trials where no participation fee applies your AO will not have any coverage for these activities. If your plans change, you can add coverage by scheduling and paying for a special event.

Please note that any ride for which a fee is charged must be added as a Special Event PRIOR TO the ride in order for General Liability and Participant Accident coverage to apply. Premium is based on the number of participants in the Special Event and is due within two weeks after the ride takes place. Special Events can be added only after you have purchased coverage for your AO and can be added online.

If yes, how many "club" rides or time trials do you organize during the policy period?

26 or fewer ▾

On average, how many riders participate in "club rides" and time trials.

50 or fewer ▾

Bicycle Education Course

Important! For the purposes of answering this question, bicycle education course means "a program of instruction focused on bicycle safety and related topics in which the attendees sign up, enroll, or register by name." If you do not organize any events that meet this specific definition, you should answer "DOES NOT" even if your organization conducts other types of bicycle safety-related activities. Also, if you are a Bicycle Club that holds bicycle education courses meeting this definition but they are offered EXCLUSIVELY to your bicycle club's members, you can also answer "DOES NOT" and your bicycle club will have coverage for such members-only bicycle education courses.

Note, if you indicate you DO NOT organize courses that meet the above definition and decide to do so at a later date, you will need to contact American Specialty as coverage will not apply to such courses.

Our Club/Advocacy Organization:

- DOES organize bicycle education courses
- DOES NOT organize bicycle education courses

Do any of the courses include an on-bike component? Yes No

Do you exclusively use LCI's to teach your courses? Yes No

* Note: If you indicate you DO NOT organize bicycle education courses you will not have insurance for such activities even if you later decide to conduct them.

If, however, the individual is a League Cycling Instructor (LCI) or regional trainer, he or she is covered through the League any time he or she is acting in the capacity of a League Cycling Instructor or Seminar Coach during Smart Cycling seminars and classes conducted in accordance with League procedures.
